

**ANU-AAMT National Mathematics Summer School
7–20 January 2024
SCHOOL APPLICATION FORM**

The ANU-AAMT National Mathematics Summer School (NMSS) is the oldest and most prestigious program of its type in Australia. It has been academically sponsored by the Australian National University and the Australian Association of Mathematics Teachers since being founded by Professor Larry Blakers AM in 1969. The NMSS aims to discover and develop the mathematical talent of high-achieving school students from all over the country. Participation is normally limited to approximately 75 students who have completed their Year 11 studies. Please fill out all form entries below and submit your nomination(s) by 31 August 2023.

Nomination details

- Student name
- School name
- Teacher name
- Teacher email
- Teacher phone

If multiple students are applying from your school, provide a student nomination ranking:

The nominated student achieves excellent results in Mathematics.

Strongly agree Agree Neutral Disagree Strongly disagree

Comments

The nominated student persists with mathematical problems.

Strongly agree Agree Neutral Disagree Strongly disagree

Comments

The student shows enthusiasm and creativity towards solving mathematical problems.

Strongly agree Agree Neutral Disagree Strongly disagree

Comments

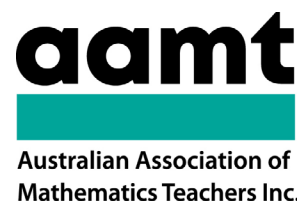

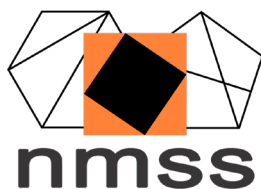

The student seeks out additional mathematical resources out of curiosity or interest.

Declaration

I declare that:

I have visited the National Mathematics Summer School website (www.nmss.edu.au) and shown it to the nominated student, and we have discussed what the program offers.

I understand that the mathematical association administering applications in this state may contact the school. This application form may also be forwarded to organisers of the NMSS.

I understand that some states may require me to administer an entrance assessment.

I understand that this application does not guarantee selection for the NMSS and have discussed this with the nominated student.

Submission

- This form must be sent to your own state or territory selector by email. Please visit www.nmss.edu.au/apply to locate the email address for your state/territory selector. You should receive confirmation that your application has been received from your state selector.
- Please ensure that the nominated student has completed the Student Nomination Form.
- You may wish to ask your school if there is any financial assistance available to students selected for NMSS; successful applicants may be eligible for either state-based, or national bursaries should financial assistance be required.
- If the nominated student is selected to attend the National Mathematics Summer School, the Director (of the NMSS) will contact the student via email.
- Nominations are due by 31 August 2023. Late nominations will not be considered.

Applications close 31 August 2023
