

# Canberra Mathematical Association

## 2019 Conference

Saturday August 17

### Information for Presenters

#### Getting There

The conference is at the Australian Defence Force Academy, main entrance off Northcott Drive, Campbell.<sup>1</sup> See the map below. Look for the CMA signs and banners from the front entrance.

#### Parking

On turning into the front entrance, turn immediately left into Kapyong Road, then down to the bottom of the hill and right into one of the parking bays in Carpark 90. See the map.

The conference venue, Building 32, is a short uphill walk from the the carpark.

Walk between the two buildings (Buildings 20 and 21 on the map) with a walkway above, then continue straight ahead. Again look for the CMA banners and signs.

#### Registration

We don't insist that our presenters register (and pay) for the conference. However, if your organisation will pay for your registration, the money will be put to a good cause, the enhancement of Maths education in the ACT and surrounding areas.

Whether you register or not, you are certainly most welcome to the lunch, morning and afternoon teas, and the President's drinks. We welcome your participation and hope you will talk to the delegates not only as part of your presentation but informally in the breaks.

*You may leave any material and equipment under the stairs behind the registration desk before and after your talk.*
